

The **Goodwood Revival** over the long weekend of **18th to 20th September 2009** is the world's most prestigious historic Motor Sport event, all of the glitz and glamour of the Monaco Grand Prix but set in the heart of the Sussex countryside.

Presented by **Lord March** on the historic motor racing circuit in the grounds of Goodwood House it is a 3 day celebration of the golden age of motor sport on a track that has hosted some of the greatest international F1 & sports car battles.

The **Goodwood Revival** is a time warp motor racing weekend which pits legendary racing drivers of yesteryear:

- **Stirling Moss**
- **Jack Brabham**
- **John Surtees**
- **Jackie Stewart**

against modern F1 and Le Mans drivers:

- **David Coulthard**
- **Mark Webber**

in cars from the 50s and 60s, wheel banging racing all the way!!

It is a magical spectacle, motor racing in a film set, with a cast including Marilyn Monroe, Laurel and Hardy, the Dad's Army platoon, Mods, Rockers, and Spivs, all set against the back drop of 120,000 "extras" dressed in 1940's & 50's clothing, and many real Film, TV and music personalities gathering to meet their racing heroes.

Regular Goodwood visitors include:

- **Kylie Minogue**
- **Dannii Minogue**
- **Ashley Judd**
- **Rowan Atkinson**
- **JayKay**
- **Nick Mason**
- **Jeff Beck**
- **Mark Knopfler.**

With qualifying on Friday, and 8 races each on Saturday and Sunday, racers from the thundering pre-WW2 Brooklands titans to the RAC TT, all star drivers in a 1 hour race, **£50 million** worth of the finest and rarest cars of all time from **Ferrari, Aston Martin, Jaguar, AC Cobra**, etc.

Special to the Revival in 2009 is a celebration of the career of racing legend **Sir Stirling Moss** as he celebrates his 80th Birthday with a massive display of the cars he has driven.

There are also many flying displays by **Spitfires** and other WW2 aircraft (Goodwood was a war time fighter base) and the **Spirit of Aviation** gathers a huge collection, some £20m of aircraft.

Alongside the motor racing and flying is the **Bonhams Auction**, an annual sale of some of the world's most valuable cars, many £1/4 million plus. There are also exhibitions, all kinds of kids stuff, a giant pre '66 classic car show and a new car show in a recreation of London's Earls Court.

The Goodwood Revival Meeting is unlike any other motor sport event anywhere in the world... It is filmic in its detailed period authenticity and you can stand and see the most glorious age of motorsport re-enacted right in front of you!!!
